

Dear Guest,

This season is for all of us the first post covid holiday season and there for some things might be slightly different to the old usual. Seaclub Resort, with more than 4.000m2 of gardens, several pools & pool bars, over 400 apartments, playground areas, will not be fully open but it will be fully operating and always according to the current regulation to guarantee not only a fun, relaxing and memorable holiday as well a safe & healthy one.

What will be on:

For the children: outside activities like splash park will be top1 followed by amazing playgrounds and some assisted activities done by our mini club her@ who will be in charge as well for the new garden sunset dance!

For the adults: entertainment has got reduced and with the current social distancing we move to on-off outside actives like stretching & yoga and for the most active remains available our fully equipped gym.

Of course, our gardens with picnic areas, sunbeds, pool & snack bar as well as The seabreeze buffet & show cooking are open.

Some things never change, our mission, vision & values are stronger than ever and our service orientated team looking forward to offering you the best possible holidays is & will always be our main asset.

We wish that we are able to welcome you in this very special season for all us!

Sunny regards from Puerto de Alcudia

With love, the seaclub Family!
